## JUDGES CRITIQUE

I would like to thank the committee of the TTBOC for the invitation to judge the breed at their club show and for their hard work to make the show run so smoothly as well as a thank you to the exhibitors who made the trip up to Scotland to support both myself and the club, a breed very close to my heart as my first breed to show and grow up with.

I was very pleased with a number of dogs shown in terms of quality, especially my main winners, however, I have noted a few concerns for the breed from my findings yesterday. I found multiple entrants in both sexes with incorrect shoulders, either improper lay of shoulder, short upper arms or both which is causing a lack of reach on the move. Another concern was the length of neck with a number of dogs in both sexes with too short a neck which can spoil the outline and finally in the bitches, some exhibits were very fine throughout which makes them appear very feminine, however, the breed standard calls for a sturdy dog and I believe it is important for breeders to find the correct balance in order to keep the bitches feminine without losing the sturdiness that is typical for the breed. I was impressed with the presentation of the majority of exhibits with great coats and well-muscled dogs in both sexes.

## OPEN SHOW

### Class 2: Minor Puppy Dog (1,0) 1<sup>st</sup> KARAMYST FLASHLIGHT

6 month old black and white dog, confident young dog with an attractive head, nice eye and correct scissor bite and good pigment. Correct length of neck, good amount of bone. Could have a better shoulder which is shown in his reach on the move. Good topline and tail set, compact in appearance but hope he does not grow much more as he is on the taller side at the moment. Good drive on the move. **BPD**.

### Class 3: Puppy Dog (1,0) 1<sup>st</sup> ROUTENBURN LUMIN

11 month old gold and white dog with great temperament. Masculine head of correct proportions, correct scissor bite, good eye shape but eyes a touch light. Good bone throughout, nice topline and tail set, angulations both in front and behind in proportion. Neck could be a bit longer to help overall shape and balance and feet a bit small. Balanced movement in all directions but could have more reach and drive.

### Class 4: Junior Dog (1,0) 1<sup>st</sup> ARAKI YUBETCHA

14 month old white and gold dog, very well presented coat for age. Correct eye shape and colour, good pigment, masculine head, would prefer a slightly longer foreface, correct mouth. Nice length of neck and length of upper arm, lay of shoulder could be better but does not hinder his movement too much. Liked his amount of bone and masculinity throughout. Correct topline and tail set, well let down hocks, large round feet. Moved well.

### Class 8: Post Graduate Dog (1,0) 1<sup>st</sup> GENTLE SWEET SHADOW

2 year old black and white dog who presented a nice shape whilst standing. Correct eye shape and colour with good pigment, could have slightly more underjaw to give the correct resolute expression and create a more masculine head, level bite. Nice length of neck, moderate shoulder angulation, nice straight front legs. Good topline which he held throughout the class. Well let down hocks. Moved well behind but a bit reluctant to come back into the in and out tents on the day.

### Class 9: Limit Dog (4,0) 1<sup>st</sup> AGHAINST ALL ODDS

3 year old male, lovely for size and shape, all male dog. Loved his head, good eye shape and colour, good pigment, correct proportions. Good length of neck into lovely shoulders. Good bone throughout. Good spring of rib and depth of brisket. Correct short loin, good topline and tail set. Well-muscled hind, good turn of stifle into well let down hocks. Large round feet. Correct coat texture. Excelled on the move, well handled. **Best Dog, BOS and Reserve Best in Show**.

### 2<sup>nd</sup> DEJARU MASQUERADE JW

22 month old black with white male, beautifully presented dog, square in outline, another with a great head, good proportions, eye shape and colour, good pigment. Correct scissor bite. Good amount of bone, giving him a masculine appearance. balanced angulation in front and behind, well-muscled. Correct topline, short loin, correct tail set, good spring of rib and depth of brisket. Good hocks, correct feet. Moved well, preferred the reach and animation on the move of 1<sup>st</sup> in this class.
